

From the Desk of

Jacquelin Collins, Superintendent

Once again, it's that time of year when our teachers and students have to gear up and tackle the Florida Standards Assessments (FSAs).

As you know, FSAs are the only mandated assessment tool schools use to measure student achievement based on Florida's education standards, which were developed and implemented to ensure that all students K-12 stay on the path to high school graduation and beyond.

However, FSAs don't just measure student initiative, they are also indicators to educational

CSA System Update

Jacquelin Collins, Superintendent

- * Meetings with Spiro & Associates, the marketing firm hired to work on our system branding, are moving along. We hope to have an updated system and individual school logo commission by the end of May.

Business Management

MaryAnne Moniz, Business Manager

- Held the Director's Meeting with all internal departments to include Finance, Procurement, Food Service, Maintenance, Transportation, Athletics, IT, and Human Resources. The focus of these bi-weekly meetings is to become an organization of continuous improvement by addressing challenges, sharing resources, and engaging in interdepartmental collaborations. Feedback is very positive and has opened a line of communication so everyone is much more informed about what is going on within each of our schools.
- The Budget Amendment was uploaded and we are running right on budget.
- The budget forecast is expected to be right on target with Operating and Capital expected to be fully spent. Personnel is running slightly under but will catch up since June will reflect the large pay-out for teachers.
- Accounts Payable is gearing up for year-end and important dates will be disbursed to our schools shortly.

Maintenance

Brent Richardson, Building Maintenance Supervisor

- Currently setting up installation procedures for the new flushable urinals at Oasis High boys restrooms. They will replace the original waterless urinals; work is to commence on June 4-5, 2019.

Procurement and Food Service

Danielle Jensen, Director

- Attended annual NSLP application training for next year's application.
- Completed fixed asset review for accounting.
- Developed standard inventory spreadsheet to be implemented next year.
- April data was completed and submitted per NSLP requirements.
- Purchased new salad cooler for OHS -- the 2006 version could not be repaired.
